

2022 - 2024

Site Number: 0141

School Improvement Plan Summary

Gawler Primary School

Goals	Targets	Challenge of Practice	Success Criteria
Goal 1: Retain and increase the number of students achieving both the SEA and HB in NAPLAN reading.	2022: Year 1: 85% of students will achieve 28+ in the Phonics Screening Check (progress indicator) Year 3: 83% of students will achieve SEA in NAPLAN reading Year 5: 70% of students will achieve SEA in NAPLAN reading Year 3: 33% of students will achieve in the HB in NAPLAN reading Year 4: 85% of students will achieve SEA in PAT-R:106 (progress indicator) Year 5: 30% of students will achieve in the HB in NAPLAN reading 2023: Click or tap here to enter text.	If we implement a consistent, evidence based whole site reading program with fidelity, that incorporates high impact teaching strategies, then we will retain and increase the number of students achieving both the SEA and HB in reading.	We will see each student in Reception isolate, blend and manipulate phonemes We will see each student in Year 1 manipulate phonemes in spoken words by adding, deleting, and substituting initial, medial and final phonemes to generate new words We will see each student in Year 2 manipulate more complex sounds in spoken words through: blending and segmenting sounds and phoneme deletion and substitution. We will see each student in Year 3 uses letter-sound relationships and less common letter patterns to spell words. We will see each student in Year 4 use comprehension strategies to build literal and inferred meaning to expand content knowledge We will see each student in Year 5 use comprehension strategies to analyse information, integrating and linking ideas from a variety of print and digital sources. We will see each student in Year 6 use comprehension strategies to interpret and analyse information and ideas.

Goal 2: Retain and increase the number of students achieving both the SEA and HB in numeracy.	2022: Year 3: 80% of students will achieve SEA in NAPLAN numeracy Year 5: 70% of students will achieve SEA in NAPLAN numeracy Year 3: 20% of students will achieve HB in NAPLAN numeracy Year 5: 15% of students will achieve in HB in NAPLAN numeracy Year 4: 85% of students will achieve SEA in PAT-M:110 (progress indicator) 2023: Click or tap here to enter text.	If we implement a consistent, evidence based whole site numeracy program (BiIN) then we will retain and increase the number of students achieving both the SEA and HB in numeracy.	We will see each student in reception use subitising to solve problems, order and compare groups of numbers. We will see each student in Year 1 use fluent subitising strategies to carry out simple addition and subtraction.

Government of South Australia
Department for Education

2024: Click or tap here to enter text.			We will see each student in Year 2 become fluent with partitioning numbers to understand the connection between subtraction and addition. We will see each student in Year 3 use place value to partition numbers into the ten thousands using place value knowledge. We will see each student in Year 4 use place value to demonstrate calculations involving the 4 operations. We will see each student in Year 5 use multiplicative thinking strategies to solve problems involving the 4 operations.	Click or tap here to enter text.	Click or tap here to enter text.
